Luxury & Retail Club

MISSION

Established in 2004, the Stern Luxury & Retail Club's mission is to promote NYU Stern as a premier source of talent and academic leadership in the luxury and retail industries. The club aims to foster a community of students passionate about the luxury, retails, and lifestyle industries. The club boasts over 1,500 members and alumni and engages directly with executives, professors and students connected to the luxury and retail communities. We strive to provide a best-in-class industry education by offering events, lectures, and resources to our members. The NYU Stern Luxury & Retail Club is uniquely positioned to enable companies to capitalize on the expertise of MBA graduates specializing in Luxury Marketing.

EVENTS

Luxury & Retail Conference

The 10th Annual Luxury & Retail Conference will be held on **Friday, October 14, 2016**, at the NYU Kimmel Center. The goal of the conference is to create a forum where current topics in luxury and retail can be discussed by leading professionals in an academic environment. This year's conference theme is Expanding Horizons: New Channels & Thinking in Retail. Last year's conference featured Uri and Rebecca Minkoff and SoulCycle founders Julie Rice & Elizabeth Cutler, alongside other leading speakers from Kate Spade, Derek Lam and Milly by Michelle.

Career Treks

Career Treks are on-site visits to company headquarters or retail stores. In 2016 students visited H&M, Theory, Trunk Club, Bauble Bar, and Michael Kors, among others, for invaluable networking opportunities that led to many internship and full-time employment offers. Dates for the 2016-2017 school year are TBD.

Think Social, Drink Local

This event is co-hosted with Stern's Social Enterprise Association. Last year it was hosted March 4th at 404 NYC and included a fashion show as well as an array of local food and beverage offerings. This event allows the club to give back by promoting sustainability, supporting local and socially-aware enterprises, and donating all event proceeds to the Social Impact Internship Fund for MBA students who do their summer internships with nonprofits or small businesses that cannot afford to pay them for their work.
