

[Jenny Ng](#) and [Kyle Chan](#) are thrilled at the opportunity to be your Langone Student Government (LSG) Co-Presidents for 2023-2024, and serve you by helping to shape the direction of your Langone MBA experience here at Stern—a responsibility that we hold dearly to our hearts. As LSG Co-Presidents, you can count on us—a voice for **you**. Our goal is to serve you—represent your needs and interests, promote and strengthen the involvement and community ties in all aspects of Langone Stern life. To this end, in collaboration with Stern Administration (SA), Stern Student Government (SGOV) and various MBA clubs and programs, we'll advocate for your needs and interests, strive to create an inclusive environment and provide impactful contributions by listening to what is important to you. Our proven experiences as **Block Leaders** and current **VP & AVP of the First Years (FY) Team** in LSG position us to effectively carry out these responsibilities at the highest standards; through our roles, we've not only served as representatives for our blocks and for 3 subsequent semesters of the FY students, but also worked closely with all of the aforementioned Stern groups. With that being said, a vote for us would be a vote for yourself because we are going **ALL IN** to be a voice for you!

**What does it mean to be ALL IN?** As Fall 2021 Block Leaders and current VP & AVP of the FY Team in LSG, Jenny and Kyle are a seasoned team who are no strangers at putting in work for Langone students to have opportunities to feel welcome, included and engaged in everything that this great community has to offer. Recognizing the need to build camaraderie and engagement within a group of relative strangers sharing a common goal and interest, **we were inspired by you** to self-select ourselves to be Block Leaders. It was an extremely rewarding experience for us to help build connections both within and outside of our blocks by rallying for Block Games, organizing Block events, trips and cross-block mixers and managing our Block funds. In Spring 2022, we were inspired to join LSG as VP & AVP of the FY Team to continue our passion to provide a welcoming, inclusive and engaging environment for the student body. As part of the FY, we've developed a strong and positive partnership that can be a powerful and beneficial force to carry over as Co-Presidents in LSG. Moreover, we have built strong relationships and collaborated with Stern Administration, including our Vice Dean J.P. Eggers, the Office of Student Engagement (OSE), the Office of MBA Admissions and more; a few of our accomplishments at Langone to date are:

- **The FY Student Experience Survey** - spearheaded initiative starting in Spring 2022 to obtain FY students' feedback on block games and more, with the goal to better plan for the next semester's programming; for example, the student body wants more interactive events, and we hear you and will deliver! Additionally, the results were presented to Vice Dean J.P. Eggers and Assistant Dean of Online Programs Jamie Tobias with the goal to gain the administration's support and assistance on the matters that the student body. (Shout out to the FY Team, Cindy Chen and Kelsy Muehlbauer)
- **Admitted Students Webinars** - led Conversations with Classmates virtual sessions on behalf of the Office of MBA Admissions to congratulate and welcome admitted students.
- **Rolled Out the Official NYU Stern Langone MBA Slack Workspace** - collaborated with OSE and current LSG Co-Presidents (Shout out to Jenna Mortenson, Olivia Cannarozzi, Derek Chin, and Ed Suriano)
- **The LSG Student Handbook** - created a resource with helpful information and links for new and continuing Langone students, created in collaboration with LSG Academic Affairs and Technology Verticals (Shout out to Shawn Srolovitz, Liam O'Flaherty, and Harman Kumar)
- **Other FY Initiatives:** organized and hosted New Student Virtual Info Sessions, Pre-LAB & Post-LAB events, Block Leader Elections, Dine & Dish, Block Games, Summer Send Off, LSG Co-Vertical events (more to come in Spring'23)

You've counted on us to deliver the best in our past work, and now we are going **ALL IN** so you can continue to count on us to be a voice for YOU to help achieve your goals as a Sternie. On Saturday February 11<sup>th</sup>—Go **ALL IN** and vote [Jenny Ng](#) and [Kyle Chan](#) for LSG Co-Presidents!
